Material required to make a medal:

- Paint brush
- Acrylic paint in gold, silver and bronze (or yellow, grey and orange)
- Glitter glue
- Tape (preferably duct or something nice and sticky)
- Ribbon
- Any kind of round plastic lid.

1. Lay out the lid with the flattest surface facing up. Paint thelid to your liking. This may take a couple layers.

\*Use a hairdryer to speed up drying process.

2. Once the paint dries, it's time to add the glitter. This is a great opportunity to practice your letters, numbers or shapes and even colours.

3. To hang your medal, drape the string or ribbon around your neck, measuring the length before cutting. Make sure it is long enough for your medal to be pulled over your head (around the centre of your chest). Flip the lid over to the unfinished side and tape both ends securely.
